# THE LEGEND of Hart Ranch

His name was John Harrison Hart, and he settled the ranch in the 1880s. It is only fitting that this land bares his name today. Hart was straight from the pages of Old West history, and he carved out his ranching empire while Wild Bill Hickok and Calamity Jane roamed the streets of Lead and Deadwood.

There is much about him, which is legend, but far more which is fact. This bull driver, Civil War fighter, scout, pioneer, and frontiersman blazed a reputation remembered even today by those who live around the ranch. The legend says he arrived in the Black Hills with only \$15 in his pocket and survived the first winter by chopping wood for 75 cents a cord. The facts show his hard work, entrepreneurial skills, and innovative mind parlayed what little he had into a successful freight line from Pierre to Rapid City and Cheyenne, Wyoming.

The legend says he never learned to drive a car, even though he lived to see World War II. The fact is that you still can find people who remember driving him around his ranch when – too old to ride a horse or wagon anymore – he just couldn't stand being away from the land he loved.

The final chapter of our story is the purchase of the 13,000-acre Hart Ranch in 1983 and the construction of the Camping Resort. In 1984 the membership was deeded for the 195-acre resort. There are several companies associated with the Hart Ranch name – Hart Ranch Golf Course and Hart Ranch Development Company. The Hart Ranch Camping Resort Club is an independent and separate corporation.

# BLACK HILLS Map

## THE BLACK HILLS

When cavalry Colonel George Armstrong Custer first entered the Black Hills in 1874, he found a strikingly beautiful land filled with mountain meadows, granite spires and thick ponderosa forests. Nearly 140 years later, visitors to the Black Hills can still enjoy the same adventure, free roaming wildlife and breathtaking views that so impressed the explorers who came here so long ago.

With two million acres spanning a region of 120 miles long and 60 miles wide, it's practically an adventure just figuring out where to begin exploring the Black Hills. After all, this region is home to the highest concentration of public parks, monuments, and memorials in the nation.

## MOUNT RUSHMORE NATIONAL MEMORIAL

One of the nation's most recognizable icons, Mount Rushmore, depicts the faces of George Washington, Thomas Jefferson, Theodore Roosevelt, and Abraham Lincoln, on the side of a granite mountain. You can walk all the way to the base of the massive memorial on the Presidential Trail, although a stop in the Borglum Museum first is a good way to learn more about the mountain's symbolism and history.

## WIND CAVE NATIONAL PARK

Guided tours of the sixth-longest cave in the world are the most popular feature of this park north of Hot Springs. In fact, adventurous explorers can sign up for the Wind Caving Tour, a four-hour excursion through the most remote areas of the cavern. Adventures await park visitors above the ground as well, where 28,295 acres of mixed-grass prairie and pine forest support a network of hiking trails and abundant wildlife. Bison, elk, pronghorn antelope, mule deer, coyotes and prairie dogs all inhabit Wind Cave National Park, making it the perfect stop for photographers and nature-lovers

## BADLANDS NATIONAL PARK

Almost a quarter million acres of eroded buttes, jagged peaks and sandy plateaus make Badlands National Park one of the most striking landscapes in the world. Sunsets and sunrises are especially beautiful times of the day, casting hues of pink, yellow and orange against the rock walls. Wild bison, coyotes, bighorn sheep and prairie dogs roam freely within the park's borders.

## **DEVILS TOWER NATIONAL MONUMENT**

Rising 1,267 feet straight out of the prairie, Devils Tower is perhaps best known for its role in Steven Spielberg's movie, "Close Encounters of the Third Kind." Designated as the nation's first national monument by President Theodore Roosevelt in 1903, Devils Tower is one of the most challenging rock-climbing destinations in the country. A number of less-strenuous hiking trails surround the tower itself, which rests along the red banks of the Belle Fourche River in northeastern Wyoming.

## **CUSTER STATE PARK**

This 71,000-acre nature preserve is the home of several camping facilities and rustic lodges, including the state Game Lodge, dubbed the "Summer White House" in 1927 when President Calvin Coolidge spent three months vacationing here with his family. Several lakes and streams provide fantastic fishing, while the 1,500 head of bison that call this place home – one of the largest publicly-owned herds in the world – put on a fantastic show during the annual Buffalo Roundup.

## **CRAZY HORSE MEMORIAL**

Crazy Horse Memorial® is located in the heart of the beautiful Black Hills. The elevation on the Mountain is 6,532 feet above sea level and ranks 27th highest mountain in South Dakota. It is made of pegmatite granite and was chosen by Sculptor Korczak Ziolkowski & Lakota Chief Henry Standing Bear for the Crazy Horse Memorial®.

## **THE MICKELSON TRAIL**

Converted from former railroad beds, the 109 miles of the Mickelson Trail bisects the entire length of the Black Hills, connecting Deadwood to Edgemont and passing through many central Black Hills communities along the way. In the summer it's used for hiking, mountain biking and horseback riding, and in the winter months it turns into a groomed snowmobile trail. Tunnels, waterfalls, ruined mining buildings and ghost towns are among the many sights of interest along the trail.

## DEADWOOD

There was a time when it wasn't safe to walk the boardwalks of the wildest town in the West, but that was a hundred years and a dozen gunfights ago. This is the town that welcomed Wild Bill Hickok, then wept when he was gunned down holding aces and eights, forever after known as the "Deadman's Hand." This is the place that witnessed the one-woman cyclone known as Calamity Jane, who claimed she could out-shoot, out-spit and out-swear any man, and usually did. Today, both are buried side-by-side in Deadwood's "Boot Hill." Visitors now encounter brick streets, period lighting, old-time trolleys, Victorian facades and one of the largest historic preservation projects in the world, all fueled by an unlikely benefactor – limited stakes gaming, complete with poker, blackjack and the notorious one-armed bandits.

## SPEARFISH CANYON

The breathtaking limestone palisades of this creek-carved gorge are more ancient than the Grand Canyon – albeit much closer together. The narrow walls of Spearfish Canyon, which rise up to 1,000 feet above the creek bed, are among the most spectacular scenery in the Black Hills. Cascading waterfalls quench the thirst of quaking aspen, gnarled oaks, sweet-smelling spruce and the ubiquitous ponderosa pine, which grow right off the edges of rocky precipices. The diverse array of plant life provides a comfortable home for deer, mountain goats, porcupines and bobcats. The canyon was accessible only by horseback until a railroad line to Deadwood was completed in 1893. When a flood in 1933 all but destroyed the tracks, a motorway was built right on top of the old rail bed.

Today, this road is US 14A, one of America's few scenic byways. The highway continues through the canyon for nearly 20 miles, affording visitors views of both its pristine natural wonders and its historical treasures. Near the middle of the canyon is the old sawmill town of Savoy, which provides a jumping off point for several scenic hikes and forays into ancient mining and logging camps. Further up the canyon is Cheyenne Crossing, the point where the gold-rush era Deadwood-Cheyenne stage line crossed Spearfish Creek.

## CENTENNIAL TRAIL

Marking the 100th anniversary of statehood, 1889 - 1989, the 111-mile Centennial Trail represents the diversity of South Dakota. The Trail crosses prairie grasslands near Bear Butte State Park and climbs into the Black Hills, high country, skirting lakes, and streams until it reaches Wind Cave National Park near Hot Springs. The Forest Service, Bureau of Land Management, National Park Service and South Dakota Department of Game, Fish and Parks have combined their efforts to develop this Trail for you to enjoy.

Approximately 22 miles of the trail are located within Custer State Park. This trail offers opportunities to view the natural and cultural resources of the Black Hills.

Three trailheads provide access points to Custer State Park's portion of the trail. The trail is marked with a combination of brown fiberglass posts and gray diamonds fastened to trees. This trail is also used by horse riders and mountain bikers.

The Centennial Trail was officially opened in June 1989, in commemoration of the South Dakota centennial.

A promotional graphic for the show 'Good Morning Black Hills' on KEVN Black Hills FOX. The background is a solid blue color. On the right side, there is a portrait of a man, Blake Joseph, wearing a dark suit, white shirt, and red tie, smiling. On the left side, the text 'GOOD MORNING BLACK HILLS' is written in large, bold, yellow and orange letters. Below this, the 'KEVN Black Hills FOX' logo is displayed in a red and white box. At the bottom left, the name 'BLAKE JOSEPH' is written in large white letters, with 'EVERY MORNING!' in smaller yellow letters below it. At the bottom right, the text 'WEEKDAYS AT 7:00AM' is written in large, bold, red letters.

# BLACK HILLS NATIONAL FOREST Motorized Trail System

There are 1.2 million beautiful acres of the Black Hills National Forest in western South Dakota. And off-road enthusiasts can access and enjoy many thousands of those acres by using the Black Hills National Forest Motorized Trail System – consisting of over 3,600 miles of roads and over 600 miles of trails for ATV, UTV, and other off-road riders. Included are 90 miles of single-track trails for motorcycles; 347 miles of trails for vehicles 62 inches and less in width in South Dakota; and 72 miles of trails for vehicles 50 inches and less in width in Wyoming. There are also 148 miles of trails open to all. The system incorporates many looped trails and includes parking access from 20 trailheads.

It is important to obtain the most current Black Hills Forest Service map when you come to the Black Hills to ride. The map is updated annually to correct mapping errors, add newly constructed motorized trails, or remove motorized trails that are in timber sale areas. Routes are not always signed on the ground but will be identified on the map. It is your responsibility to stay on the designated trails.

With the Motorized Trail System, the Black Hills National Forest is closed to cross-country travel unless designated open, meaning it is illegal for most users to travel off the designated trails. The Black Hills National Forest encourages all motorized users to follow the Tread Lightly! Pledge Travel and recreate with minimum impact. Respect the environment and the rights of others; Educate yourself – plan and prepare before you go. Allow for future use of the outdoors – leave it better than you found it. Discover the rewards of responsible recreation. ATVs in South Dakota are governed by state motorcycle law. There is no minimum age or license for off-road drivers; however, manufacturer's operator guidelines should be followed. On-the-road drivers need a valid driver's license and a licensed ATV. ATV use is prohibited on the interstate highway system.

For current and downloadable Motor Vehicle Use Maps (MVUM) and related documents and files, including a question and answer sheet, searchable legend and map text, and other user aids or by visiting on the motor vehicle use map (MVUM) section on the Black Hills National Forest website.

Trail system fees are \$20 a week per vehicle or \$25 for an annual pass. Motorized trail permits

to use the system are available at Forest Service offices, outlets and online.

Forest Service offices are open from 8 a.m. to 4 p.m. weekdays. For folks arriving during the weekend, permits are available at Black Hills Visitor Information Center, located at I-90, Exit 61. Hours at the visitor center are 8 a.m. to 5 p.m. daily year-round. During the summer season, hours are from 8 a.m. to 6 p.m.

A permit is required on each vehicle on the trail system, and all motorized trail permits are non-refundable and non-transferable. A free map is provided with each permit purchased. Users should check with their local Forest Service office if they have further questions about the map and/or permits.

Another popular riding area for dirt biking and ATV riding is located on the north edge of the Buffalo Gap National Grasslands, south of Farmingdale. The dirt bluffs and grassy knobs at the Railroad Buttes ORV Area are filled with challenging trails and jumps. Go only when it's dry; in wet weather, this area is a quagmire of slippery, super-sticky clay that locals call "gumbo."

For further information please examine the rules for off-highway vehicles in South Dakota state parks. For OTV riding in Buffalo Gap National Grasslands & other National Grasslands. You can also check out information posted by the local off-road organization.

# THE BLACK HILLS PLAYHOUSE Welcomes You To Our 75th Season \_\_\_\_\_

In 1946, The BHP began as a dream of Dr. Warren M. (Doc) Lee of the University of South Dakota. His goals were to create high-quality entertainment for people in the Black Hills while providing training and employment opportunities for students and theatre professionals.

The company resides in dorms in Custer State Park, rehearse on site, and performances are held Tuesday – Sunday, this year in the outdoor safety and serenity of the New Frontier Stage.

In 2021, we present The Marvelous Wonderettes, a juke box musical presenting the great girl group songs of the 50s and 60s, from June 18 through July 4. I Love You, You're Perfect, Now Change, about the complexities of "the relationship" takes the stage from July 9 through July 25. And finishing up the season is Altar Boyz, a musical about a Christian boy band on the last night of their national tour.

Matinees are at 2:00pm on Tuesday, Wednesday, and Sunday. Evening shows begin at 7:30pm on Wednesday, Thursday, Friday and Saturday.

More information and tickets are available at [blackhillspayhouse.com](http://blackhillspayhouse.com) or 605-255-4141.

# COVID PROTOCOLS

As we prepare for a very busy 2021 season, it is our goal to resume operations to normal. And even though 2020 created some unusual situations, we also learned a great deal on alternative ways to conduct business at the Resort. Some of these methods may be retained, not in reaction to COVID, but rather as more efficient methods of serving our members and guests.

In the event you are not feeling well, we ask that you exercise good judgment and protect others that you may come in contact with and consider staying home. We also ask that you honor the basics of washing your hands often and covering coughs and sneezes.

As always, we look forward to seeing you at the Ranch this summer!

## TROUBLESHOOTING STEPS

### Step 1: Check settings and restart.

- » Make sure Wi-Fi is enabled. Then turn it off and on again to reconnect.
- » Make sure Airplane mode is off. Then turn it on and off again to reconnect.
- » Reboot your device and try again.

### Step 2: Find the problem type.

- » Device. Try connecting to the Wi-Fi network with another device, like a laptop computer or friend's phone. If other devices can use the network, the problem is most likely with your device.
- » Network. Check whether your device can connect to the free Wi-Fi network. If your device can connect elsewhere, the problem is most likely with the network.
- » Internet. If your device connects to the Wi-Fi network but you still have no Internet, the problem is most likely with your internet connection.

**Note:** You are not able to directly connect a smart TV to this Wi-Fi network, you will have to connect a streaming device that supports a web browser.

**Please take a look at FAQs on the next page.**

## FAQs

---

### **I can't find the Hart Premium Wi-Fi or the Hart Free Wi-Fi signals, but my devices show an Old Premium, Old free, or Staff Network?**

- » The Hart Ranch Wi-Fi networks are the following: Hart Ranch Free Wi-Fi, Hart Ranch Premium Wi-Fi, Hart Ranch Employee Network (this network is for Hart Ranch Employees only and cannot be accessed by Hart Ranch guests).
- » If you cannot connect go to your settings/Wi-Fi and then click forget or delete networks. Delete all Hart Ranch networks and let your device re-acquire the correct networks and then connect to the desired network.

### **How do I know if I have a compatible device?**

- » If the device has a web browser it should be compatible. If you have any questions regarding compatibility, please consult your devices manufacturer's manual for further information, to verify it has that capability prior to adding the particular device to a premium Wi-Fi plan.
- » Not all smart TV's are compatible, so be sure your smart TV is capable of connecting to Wi-Fi networks. Please walk through your on screen prompts prior to purchase to verify compatibility.

### **Is the Wi-Fi secure?**

- » Your connection to the Hart Ranch Wi-Fi Networks is intrinsically safe. Connected Network device are unable to share information or otherwise be compromised by other connected network devices.

### **What if my Wi-Fi connection drops?**

- » Wi-Fi by nature may drop from time to time due to a number of factors ranging from weather, other devices, or your device losing connection. If you have recently rebooted your device or returned to the campground and your device does not re-establish on it its own, you may need to go to your Wi-Fi settings and connect to the Hart Ranch network again. If this does not work, please go to Wi-Fi and click forget this network and re-establish again.

### **After purchase of the premium Wi-Fi, I can connect one, two, or three devices, but I am having problems with adding an additional device?**

- » Hart Ranch guests connected to the Hart Ranch Premium Wi-Fi are allowed up to three (3) devices. At the time of purchase the option of connecting an additional device(s) for a small fee was offered at the time purchase. If you choose to add a device after the initial purchase has been completed you will need to purchase another plan for that device.
- » This does not stop you from adding devices to the Hart Ranch Free Wi-Fi network.

### **Can I disconnect one device from the premium network and substitute for another device?**

- » Each device has a unique MAC address or tag that is recognized and remembered by the Wi-Fi network. You cannot log off of one device and add a new device on the same pin number.
- » Three devices are allowed on the premium network. If one of the original three are disconnected another device cannot take its place.

### **Can you verify if I successfully connected to the Premium Wi-Fi network?**

- » If you connected successfully, you would have received an email confirming your purchase and that you had connected. The email would include the device PIN#.
- » If you cannot access your email for verification, please contact Vast Broadband customer support.

### **The internet doesn't work inside my RV and only works outside my RV.**

- » If this is occurring, then the network is working properly. In some cases, depending on the construction of your RV, signals can be blocked inside the RV. This happens more frequently on metal or aluminum sided RV's. This type of siding can either block or minimize the Wi-Fi signal.
- » This issue in most cases can be remedied by purchasing and installing an antenna, which are available for purchase at the Hart Mart.
- » Amazon Firesticks are also available for purchase at the Hart Mart if your smart TV is not able to connect to the wireless network.

### **I can only get a few channels or my channels are grainy/fuzzy.**

- » If you cannot get all of your channels, perform a channel scan so your television can acquire all of the channels offered at Hart Ranch.
- » If your channels are fuzzy, make sure your antenna amplifier is shut off. This generally is a small button next to the main cable jack in your RV.

### **Additional Support**

Call Vast Broadband at 855-740-8152 and tell them you are a guest at the Hart Ranch, and would like support with your managed wireless connection. The account number is #16549601.
