THE LEGEND of Hart Ranch

During the time of the Black Hills Gold Rush, a young man claimed a chunk of land just outside of present-day Rapid City, South Dakota...

His name was John Harrison Hart, and he settled the ranch in the 1880s. It is only fitting that this land bares his name today. Hart was straight from the pages of Old West history, and he carved out his ranching empire while Wild Bill Hickok and Calamity Jane roamed the streets of Lead and Deadwood.

There is much about him, which is legend, but far more which is fact. This bull driver, Civil War fighter, scout, pioneer, and frontiersman blazed a reputation remembered even today by those who live around the ranch. The legend says he arrived in the Black Hills with only \$15 in his pocket and survived the first winter by chopping wood for 75 cents a cord. The facts show his hard work, entrepreneurial skills, and innovative mind parlayed what little he had into a successful freight line from Pierre to Rapid City and Cheyenne, Wyoming.

The legend says he never learned to drive a car, even though he lived to see World War II. The fact is that you still can find people who remember driving him around his ranch when – too old to ride a horse or wagon anymore – he just couldn't stand being away from the land he loved.

The final chapter of our story is the purchase of the 13,000-acre Hart Ranch in 1983 and the construction of the Camping Resort. In 1984, the membership was deeded for the 195-acre resort. There are several other companies associated with the Hart Ranch name – Hart Ranch Golf Course and Hart Ranch Development Company – but the Hart Ranch Camping Resort Club is an independent and separate corporation.

CHECK-IN/CHECKOUT Information

Check-in time for an RV or Tent Site is 2:00 PM. Check-in time for Cabins is 3:00 PM.
Checkout time is 11:00 AM. Late fees will apply.

Resort activities information can be found on our website at HRResort.org, on our app, Facebook page, or on our activities schedule available in the main lodge.

The **speed limit** is 10 MPH. Let us keep our children and pedestrians safe. Speeding fines will apply.

Quiet hours are from 10:00 PM to 7:30 AM.

Parking is limited to designated paved and gravel areas. Please do not park on the grass.

Pets are restricted to the south side of the resort, the dog run, Meadowlands, tent area and hiking trail. Leash laws are always in effect. Please clean up after your pets so we can all enjoy the grounds.

Tents must be off the grass from 9:00 AM to 7:00 PM (except in the designated tenting area). Limit two tents per site.

Sealed connections are required for all sewer hookups.

Alcohol is allowed at your site or unit, designated picnic shelters and at Hart Ranch hosted events.

Wood fires are prohibited at your site. However, propane fire pits, charcoal and propane grills are allowed.

Do not tie hammocks, clotheslines, pets, exercise bands, swings, bird feeders, or any other item to the trees, picnic tables, electrical posts, and other resort property.

Dispose of all garbage in the containers provided throughout the resort. Recycling bins are located at the entrance of the storage yard for glass, plastic, aluminum, and cardboard.

Please pick up after your pets, family and guests. This will help keep your maintenance fees low!

Be respectful of your fellow campers. Refrain from walking through campsites. Please use the roads.

If you are expecting visitors to your site or cabin, please notify the **Welcome Center** at **605-737-5370**.

If you have a **pet fence**, it can only be 100 sq. ft. and no more than 44" tall. In addition, please rotate it from one location to another to prevent the grass from being impacted.

TV Channels

Hart Ranch Resort's in house TV Channel Options

Please note that our cable TV service is currently discontinued due to the aging cable infrastructure of the resort. We are now focusing on the best possible streaming options for our guests and members. If you have a smart TV, you can still stream content seamlessly.

For local TV channels, we recommend using your antenna first, though success may vary depending on the age of your unit. Many guests have found that digital TV antennas from retailers like Best Buy, Walmart, Menards, and

Amazon work well, particularly those with a 65-mile range.

You also have the option to bring your own Roku or Fire TV stick, or you can purchase one at the Hart Mart. If you have a subscription to Dish or DirecTV, consider checking your plan's streaming or mobile viewing options.

We understand that the current TV service situation is not ideal. Our primary goal is to ensure robust Wi-Fi connectivity to support streaming and other viewing options.

BLACK HILLS Map

BLACK HILLS Attractions

The Black Hills

When cavalry Colonel George Armstrong Custer first entered the Black Hills in 1874, he found a strikingly beautiful land filled with mountain meadows, granite spires and thick ponderosa forests. Nearly 140 years later, visitors to the Black Hills can still enjoy the same adventure, free roaming wildlife and breathtaking views that so impressed the explorers who came here so long ago.

With two million acres spanning a region of 120 miles long and 60 miles wide, it's practically an adventure just figuring out where to begin exploring the Black Hills. After all, this region is home to the highest concentration of public parks, monuments, and memorials in the nation.

Mount Rushmore National Museum

One of the nation's most recognizable icons, Mount Rushmore, depicts the faces of George Washington, Thomas Jefferson, Theodore Roosevelt, and Abraham Lincoln, on the side of a granite mountain. You can walk all the way to the base of the massive memorial on the Presidential Trail, although a stop in the Borglum Museum first is a good way to learn more about the mountain's symbolism and history.

Wind Cave National Park

Guided tours of the sixth-longest cave in the world are the most popular feature of this park north of Hot Springs. In fact, adventurous explorers can sign up for the Wind Caving Tour, a four-hour excursion through the most remote areas of the cavern. Adventures await park visitors above the ground as well, where 28,295 acres of mixed-grass prairie and pine forest support a network of hiking trails and abundant wildlife. Bison, elk, pronghorn antelope, mule deer, coyotes and prairie dogs all inhabit Wind Cave National Park, making it the perfect stop for photographers and nature-lovers

Badlands National Park

Almost a quarter million acres of eroded buttes, jagged peaks and sandy plateaus make Badlands National Park one of the most striking landscapes in the world. Sunsets and sunrises are especially beautiful times of the day, casting hues of pink, yellow and orange against the rock walls. Wild bison, coyotes, bighorn sheep and prairie dogs roam freely within the park's borders.

Devils Tower National Monument

Rising 1,267 feet straight out of the prairie, Devils Tower is perhaps best known for its role in Steven Spielberg's movie, "Close Encounters of the Third Kind." Designated as the nation's first national monument by President Theodore Roosevelt in 1903, Devils Tower is one of the most challenging rock-climbing destinations in the country. A number of less-strenuous hiking trails surround the tower itself, which rests along the red banks of the Belle Fourche River in northeastern Wyoming.

Custer State Park

This 71,000-acre nature preserve is the home of several camping facilities and rustic lodges, including the state Game Lodge, dubbed the "Summer White House" in 1927 when President Calvin Coolidge spent three months vacationing here with his family. Several lakes and streams provide fantastic fishing, while the 1,500 head of bison that call this place home – one of the largest publicly-owned herds in the world – put on a fantastic show during the annual Buffalo Roundup.

Crazy Horse Memorial

Crazy Horse Memorial® is located in the heart of the beautiful Black Hills. The elevation on the Mountain is 6,532 feet above sea level and ranks 27th highest mountain in South Dakota. It is made of pegmatite granite and was chosen by Sculptor Korczak Ziolkowski & Lakota Chief Henry Standing Bear for the Crazy Horse Memorial®.

The Mickelson Trail

Converted from former railroad beds, the 109 miles of the Mickelson Trail bisects the entire length of the Black Hills, connecting Deadwood to Edgemont and passing through many central Black Hills communities along the way. In the summer it's used for hiking, mountain biking and horseback riding, and in the winter months it turns into a groomed snowmobile trail. Tunnels, waterfalls, ruined mining buildings and ghost towns are among the many sights of interest along the trail.

BLACK HILLS Attractions

Deadwood

There was a time when it wasn't safe to walk the boardwalks of the wildest town in the West, but that was a hundred years and a dozen gunfights ago. This is the town that welcomed Wild Bill Hickok, then wept when he was gunned down holding aces and eights, forever after known as the "Deadman's Hand." This is the place that witnessed the one-woman cyclone known as Calamity Jane, who claimed she could out-shoot, out-spit and out-swear any man, and usually did. Today, both are buried side-by-

side in Deadwood's "Boot Hill." Visitors now encounter brick streets, period lighting, old-time trolleys, Victorian facades and one of the largest historic preservation projects in the world, all fueled by an unlikely benefactor – limited stakes gaming, complete with poker, blackjack and the notorious one-armed bandits.

Spearfish Canyon

The breathtaking limestone palisades of this creek-carved gorge are more ancient than the Grand Canyon – albeit much closer together. The narrow walls of Spearfish Canyon, which rise up to 1,000 feet above the creek bed, are among the most spectacular scenery in the Black Hills. Cascading waterfalls quench the thirst of quaking aspen, gnarled oaks, sweet-smelling spruce and the ubiquitous ponderosa pine, which grow right off the edges of rocky precipices. The diverse array of plant life provides a comfortable home for deer, mountain goats, porcupines and bobcats. The canyon was accessible only by horseback until a railroad line to Deadwood was completed in 1893. When a flood in 1933 all but destroyed the tracks, a motorway was built right on top of the old rail bed.

Today, this road is US 14A, one of America's few scenic byways. The highway continues through the canyon for nearly 20 miles, affording visitors views of both its pristine natural wonders and its historical treasures. Near the middle of the canyon is the old sawmill town of Savoy, which provides a jumping off point for several scenic hikes and forays into ancient mining and logging camps. Further up the canyon is Cheyenne Crossing, the point where the gold-rush era Deadwood-Cheyenne stage line crossed Spearfish Creek.

We have been members for over 35 years... A great memory for us will be last year when we were at Hart Ranch, my Granddaughter, Hannah Welch got engaged to her now Fiancé, Blake Rush. It was so exciting as she had no idea the ring was coming. In fact, I had gone with Blake to help him pick out the ring. We had 4 generations there camping at Hart Ranch. My husband and I, both of our sons, and several of our Grandchildren, and one of our Great Grandchildren were there.

(Submitted by Lynda Wilkinson)**

We became members of the Hart Ranch in 1998. Our family has vacationed at the Hart Ranch every year for the past 25 years, sometimes 2-3 visits in a year. Some of our favorite memories at the Hart ranch are – the Carpenter Family performances as well as the many other musical acts/performance, playing mini golf on the mini golf course, the campfire marshmallow roasts at center court, the kiddie train rides, the 4th of July kids parades, playing on the sports courts – shuffleboard, basketball, tennis, etc..., walking on the path along the creek, and of course most especially using the great swimming pool & hot tub facilities. During our winter months visits we enjoy the quiet beauty of the Hart Ranch. The Hart Ranch has been and will continue to be a fun and enjoyable part of our family vacations as well as serve as a base to enjoy the beautiful Black Hills.

Duane, Laurie, Anna and Bryan Claypool

People always ask how we met. The story, they say kindly, should be written in a book. It was 1997, during the Sturgis Rally—a hot summer day—as I walked into the lodge basement looking for something to do in the shade. At the same moment, two teen boys were sitting in the chairs at the puzzle table talking about their own plans for the day. You hear the phrase “their eyes met across a crowded room” and that is exactly what happened. We struck up a conversation, then spent the week hanging out at the pool, the volleyball court, the billiards tables, a trip to Evan’s Plunge, and walking around the Ranch. Mornings of coffees, cappuccinos, and rollerblading to the Hart Mart, afternoons of chicken tender and French fries at the Ranch restaurant. Each year, our families both drove across the country to return for the Rally, and in the meantime, we stayed in touch via letter and postcard. Ah yes, the

years before cell phones. Summer was always so exciting because even though we lived in different states and never saw each other outside of vacation, we knew that during the Rally, we’d seek each other out at Hart Ranch for a week

a few years later—my fiance, then in 2005—my husband. He’ll tell you he turned to his friend that moment when I walked into the lodge and said, “That’s the girl I’m going to marry.” A case of love at first sight. His friend told him he was crazy. We dated long-distance; we would drive the hours it took to visit on a weekend each month—and we know that starting our love story at Hart Ranch gave us the patience to endure those long stretches in between visits. Now, we still vacation at the Ranch, but we bring our two sons with us and enjoy making new memories layered with the old at the rodeo, riding bikes, swimming in the pool, and watching the shooting stars in the same sky over Hart Ranch as when we were just a year older than our own son, and starting those first pages of our first chapter at Hart Ranch.

*Marie and
Christopher Heard*

We're the two on the right, and that's one of the campers that the Ranch rented to guests. This was in the pet section, and you can see the sole security officer's Bronco in the background. I believe the speed limit at this time was just 4mph inside the campground.

of summer fun. Year after year, our friendship grew into something more special, and eventually after graduating from high school and dozens of handwritten letters, one of those boys, now a young man, became my boyfriend, then

My parents - Homer ("Murf") and Carol Merfeld. They joined when Hart Ranch first opened. Murf was on the first Board of Directors for Hart Ranch and Carol worked a few hours a day several days a week in the general store at the gas station.

I remember visiting during college when they would have their young grandsons from Piedmont stay with them and I too fell in love with the Ranch and now have their membership. Back then the trees were just planted and there wasn't much shade but we loved the pool. And we loved "camping" there. My nephews enjoyed riding their bikes around, grilling, walking the dog, and playing cards and board

games with us in the RV when they weren't swimming.

Murf was a retired Lt Col with the Air Force and it's what brought our family to Rapid City in 1963. Carol taught for 25 years, mostly at South Canyon and served as the President of the RC Teachers Assn twice. Murf was also the Director of the RC Senior Center for many years after his military service.

Though both have passed now I take great pride when I visit, knowing they played a part in helping Hart Ranch be what it is today.

Some photos from 2023, blind golf cart racing & some pool with dad & son and the watermelon eating contest. All wonderful times.

♥️ *Tara Sirles*

I would like to share some of our memories of our membership at Hart Ranch. It all started in 1987 with a trip to Sioux Falls to see a sales presentation at a local mall. After being impressed with what was already in place we decided to purchase a P membership. Now P meant primitive back then. The primitive section is where the present Meadows is located. No hookups, not even a picnic table. After the first day our son was bitten by some insect that caused him to be taken to the ER. The very next morning we upgraded to a B membership and later an A.

The purchase of the membership was never a monetary investment, but rather an investment in our family. We have received many more dividends throughout the years. The biggest dividend was our son that was bitten in the Meadows was also "smitten" by a young

girl from Alliance, NE. It seemed like our vacations with this middle school girl's family always seemed to coincide with ours. Now this young couple has sons that love to spend summers at HR enjoying their own membership. Our other son ended up loving the area as well and lives in Belle Fourche with his family. Through their associate membership they also enjoy what HR has to offer. It's very heartwarming watching our grandchildren enjoying their time much like their parents did. The dividends keep coming!

We loved the area so much that we purchased a townhouse down the road and continue to use and enjoy the facilities at HR. Who could ask for anything more!

FAQs

How do I know if I have a compatible device?

» If the device has a web browser it should be compatible. If you have any questions regarding compatibility, please consult your devices manufacturer's manual for further information.

» Not all smart TVs are compatible, so be sure your smart TV is capable of connecting to Wi-Fi networks.

Is the Wi-Fi secure?

» Your connection to the Hart Ranch Wi-Fi Networks is intrinsically safe. Connected Network device are unable to share information or otherwise be compromised by other connected network devices.

How much bandwidth should I have?

» This is certainly subject to your device's antenna and ability to receive Wi-Fi in or around your location. We have set the minimum level of bandwidth at 10mg down and 5mg up. This, however, is operating in perfect conditions without interference. Gaming and/or excessive streaming may result in slow download and upload speeds.

What if my Wi-Fi connection drops?

» Wi-Fi by nature may drop from time to time due to several factors ranging from weather, other devices, or your device losing connection. If you have recently rebooted your device or returned to the campground and your device does not re-establish on it its own, you may need to go to your Wi-Fi settings and connect to the Hart Ranch network again. If this does not work, please go to Wi-Fi, and click forget this network and re-establish again.

The internet doesn't work inside my RV and only works outside my RV.

» If this is occurring, then the network is working properly. In some cases, depending on the construction of your RV, signals can be blocked inside the RV. This happens more frequently on metal or aluminum sided RV's. This type of siding can either block or minimize the Wi-Fi signal.

Additional Support

Please call SkyWeb Technical Support Hotline at 989-771-7100 and tell them you are a guest at Hart Ranch Camping Resort, your site or cabin number and that you would like support with your Wi-Fi connection.
